## SUMMARY

Learning Experience Designer with 15+ years in e-learning and virtual training, including 7+ years leading enterprise instructional design and GTM enablement for SaaS and technology companies such as SailPoint and Sovos. I turn complex technical and regulatory content into practical learning that helps revenue and customer-facing teams perform: certification programs, learning paths, video tutorials and enablement portals. I use generative AI to accelerate development, build WCAG-accessible content by default, and use feedback and adoption data to keep improving. Bilingual English/Spanish.

## CORE SKILLS

Sales and GTM Enablement • Instructional Design (ADDIE, SAM) • Learning Experience Design • Certification Programs and Learning Paths • Sales Onboarding • Product Launch Readiness • Multimedia Learning Content (video, screen recordings, tutorials) • Change Enablement and Adoption • Enablement Portals and CMS Publishing • Accessibility (WCAG) • AI-Accelerated Content Creation • Feedback Surveys and Adoption Analytics • LMS Administration, Testing and QA • Project and Program Management • SME and Stakeholder Collaboration

## PROFESSIONAL EXPERIENCE

**GTM Enablement Instructional Designer — SailPoint** Feb 2026 – Nov 2026

*Remote (Austin, TX)*

- Audited sales pain points and translated them into targeted GTM enablement programs for global revenue teams selling identity security solutions.
- Translated complex technical product architecture into clear, practical, seller-ready learning.
- Built and maintained "Enablement OS," an internal enablement knowledge portal on Highspot, coding page mockups in HTML/CSS/JSON and partnering with the web team to keep content current and on-brand.
- Developed sales enablement content in Sana Learn, accessible by default (WCAG).
- Used generative AI to accelerate design, prototyping and content updates at launch speed.

**Global Learning Experience Designer (Temporary Contract) — SoftwareOne** May 2026 – Aug 2026

*Remote (Switzerland)*

- Designed and delivered global learning experiences for international teams as part of a company-wide enablement initiative.

**Global Enablement Learning Experience Designer — Sovos** Apr 2024 – May 2026

*Remote (United States)*

- Led planning, development and execution of global certification programs and structured learning paths for Business Development and Sales Representatives.
- Designed three full training programs end to end, turning dense tax compliance and product content into practical learning for customer-facing teams.
- Built onboarding, product and sales enablement for teams across regions, partnering with SMEs and stakeholders to align learning with business priorities.
- Led global cultural and inclusive learning initiatives and used generative AI to accelerate content creation.

**E-Learning Specialist, Technical Compliance — MedTrainer** Jun 2017 – Oct 2024

*Remote (Redlands, CA)*

- Managed and continuously improved the healthcare compliance course catalog for 7 years, running multiple concurrent e-learning projects.

- Designed and built courses with ADDIE and SAM, from storyboard to LMS, simplifying regulatory and clinical content for busy healthcare professionals.
- Owned KPI measurement and learning analytics, turning data into ongoing catalog improvements.
- Led quality assurance of course content and LMS functionality testing, and mentored teammates.

**E-Learning Specialist and Virtual Environment Developer — Código Fuente Software Development** Jul 2018 – Sep 2021
*Querétaro, Mexico*

- Developed e-learning content and virtual training environments for software development clients.

**E-Learning Program Manager — Planet Media** Feb 2016 – 2018
*Mexico City, Mexico*

- Led a team that planned and developed training manuals, learning objects and information management systems.
- Rebuilt client relationships and secured additional production engagements, delivering 5 full e-learning courses on LMS platforms.
